Why join Fraser Health and Royal Columbian Hospital?

Fraser Health is the heart of health care for over two million people in Metro Vancouver and the Fraser Valley in British Columbia, Canada, on the traditional, ancestral and unceded lands of the Coast Salish and Nlaka'pamux Nations and is home to 32 First Nations within the Fraser Salish region.

People - those we care for and those who care for them - are at the heart of everything we do. Our hospital and community-based services are delivered by a team of 50,000+ staff, medical staff and volunteers.

Royal Columbian Hospital

(RCH) in New Westminster is a level 1 trauma center with 450 acute care beds and 12 operating rooms. It is the primary acute care hospital within the Fraser Health region.

RCH performs on average 970 open-heart cases per year. These are comprised of CABG's, valve replacement/repairs and complex aortic procedures.

You'll be part of a team of 13 perfusionists at RCH supporting all cardiac procedures.

Responsibilities

In the role of Clinical Perfusionist you will:

- Provide technical support in the direct application of extracorporeal perfusion techniques
- Monitor physiological responses of patients undergoing open heart surgery
- Be responsible for the operation of, repairs and maintenance to the related equipment

Qualifications:

- Graduation from a recognized program in Perfusion Science plus two (2) years' recent related experience or an equivalent combination of education, training and experience.
- Eligible for membership with the Canadian Society of Cardiovascular Perfusionists (CSCP) and/or American Board of Cardiovascular Perfusion Certified.

Live, Work and Play in Beautiful British Columbia

Applying from outside of B.C.? Our region offers something for everyone

Canada's third largest province, British Columbia is known for its stunning natural environment. The Fraser Health region is no different. With a mix of rural and urban settings - scenic mountain views, ocean beaches and the urban amenities you need - you can find your home here.
