

Centre hospitalier
universitaire général juif
Jewish General Hospital
University Health Centre

**Montreal, (Quebec)
Canada**

Make the Move. Make a Difference.

**Join the team behind one of Canada's
leading cardiac surgery programs.**

When every beat matters, so does every member of the team.

The **Jewish General Hospital University Health Centre** is seeking **Clinical Perfusionists** to join a renowned cardiac surgery program at a McGill University-affiliated academic health centre consistently ranked among the world's best specialty hospitals.

Working alongside expert cardiac surgery, anesthesia and critical care teams, you will help deliver life-saving care in a high-volume academic environment known for clinical excellence, innovation and teamwork.

Whether you are an experienced perfusionist or a new graduate, you'll find opportunities to grow your expertise, contribute to teaching and research, and make a meaningful impact on patient care.

Combined with Montreal's exceptional quality of life and vibrant cultural scene, this is an outstanding opportunity to build your career at one of Canada's leading academic health centres.

Available Positions

Permanent Full-Time

37.5 hours per week (Day Shift)

Permanent Part-Time

52.5 hours bi-weekly (Day Shift)

Financial Incentives

- Eligible candidates may receive an **Attraction and Retention Incentive** of up to **\$17,100**
- In addition, full-time perfusionists receive a minimum **annual lump-sum** incentive of approximately **\$19,500**; part-time perfusionists receive approximately **\$13,700** annually
- Additional earnings opportunities may apply

Incentives are subject to applicable eligibility requirements and program conditions

Why Montreal?

Montreal consistently ranks among North America's most attractive and livable cities.

Enjoy:

- A vibrant multicultural community
- World-class dining and cultural experiences
- A lower cost of living than many major Canadian cities
- Four distinct seasons and access to outdoor recreation
- A unique blend of North American energy and European charm
- A rich academic and healthcare ecosystem

Montreal offers an outstanding quality of life and the opportunity to build both a fulfilling professional career and a rewarding personal life.

Who Should Apply?

Qualified Clinical Perfusionists licensed or eligible for practice in Quebec who are seeking:

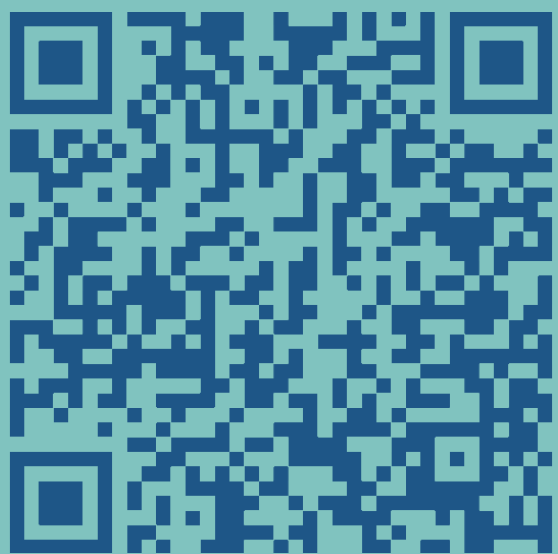

- A leading cardiac surgery program
- An academic teaching environment
- Opportunities for mentorship and professional growth
- Competitive incentives
- A welcoming and diverse city in which to live and work
