CARDIOVASCULAR PERFUSIONIST

ABOUT AHS

Alberta Health Services (AHS) is part of a province-wide health system responsible for delivering health services to over five million people living in Alberta. Join a team of skilled and dedicated health care professionals, support staff and physicians who promote wellness and provide health care every day, all across the province. We're passionate about what we do. Discover interesting and challenging work, where you have the opportunity to grow your skills, collaborate with multi-disciplinary teams, and make your mark as you contribute to a healthy Alberta.

JOB DESCRIPTION

The Cardiovascular Perfusionist provides treatment and extracorporeal support for adult and pediatric cardiac surgical patients. As a member of the Mazankowski Alberta Heart Institute team, the primary role of the perfusionist is to operate the heart-lung machine for cardiopulmonary bypass. Working closely alongside the surgeon and anesthesiologist, perfusionists are responsible for managing intraoperative blood gases and electrolytes, administering drugs and blood products, and monitoring patient hemodynamics.

PAY, BENEFITS & INCENTIVES

Cardiovascular Perfusionist I:

\$56.52 (Step 1) - \$73.03 (Step 9) per hour

- Paid annual vacation starting at 15 days / year for the first year and 20 days / year for the second year and additional personal leave
- Three (3) annual professional development days
- On-call premium of \$7.00 per hour
- Employee & Family Assistance Program
- Extended health & dental plan
- Flexible spending account credits
- Long and short term disability benefits
- Local Authorities Pension Plan (LAPP)
- Professional fee reimbursement of up to \$504 per year
- \$30,000 recruitment bonus for a three-year commitment*
- Relocation assistance for up to \$10,000*

* For eligible positions. Details would be confirmed at the time of offer.

QUALIFICATIONS

- Completion of an accredited Cardiovascular Perfusion training program
- Active or eligible for registration with Canadian Society of Clinical Perfusion (CSCP) OR
- Candidates with ABCP, EBCP, and select international accreditations who are eligible to write the CSCP accreditation exam also accepted.

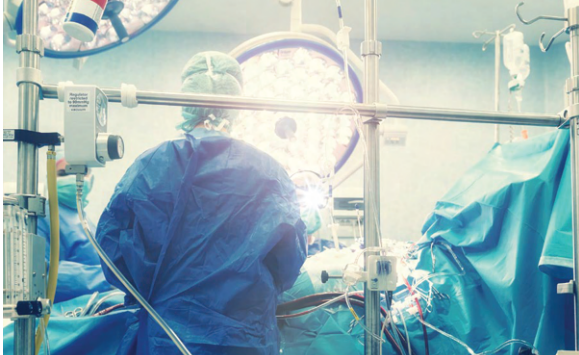

New graduates welcome to apply.

Your Opportunity

Join our fast-growing team at Western Canada's largest complex surgical heart center and Canada's largest VAD implant center!

In this dynamic role, you will work alongside the surgeon, anesthesiologist, and cardiac surgical team while operating the heart lung machine and managing cardiopulmonary bypass. Deliver life-saving cardiopulmonary support, including extracorporeal life support (ECLS) and ventricular assist devices (VADs). You will have the opportunity to pump a variety of case types including aortic repairs, minimally invasive mitral surgery, adult congenital, pulmonary thromboendarterectomy, and other complex case presentations. With a large surgical team and 5 funded operating theatres, our fast-paced center provides an exciting opportunity for both new graduates and experienced clinicians.

WHAT SETS US APART

We perform both Adult and Pediatric Cardiac Surgeries in one Cardiac Centre, the only one of its kind in Canada! We pride ourselves on hybrid operating room technology & a team of trained ECMO specialists, allowing our perfusionists to focus fully on patient care. As a teaching facility, we offer opportunity to engage in research, backed by a supportive environment.

WHAT'S IN IT FOR YOU

We offer a competitive compensation package which may include a recruitment bonus of up to \$30,000 for Perfusionists who commit to 3 years & relocation assistance of up to \$10,000 for a one-year commitment in eligible positions.

WHY EDMONTON

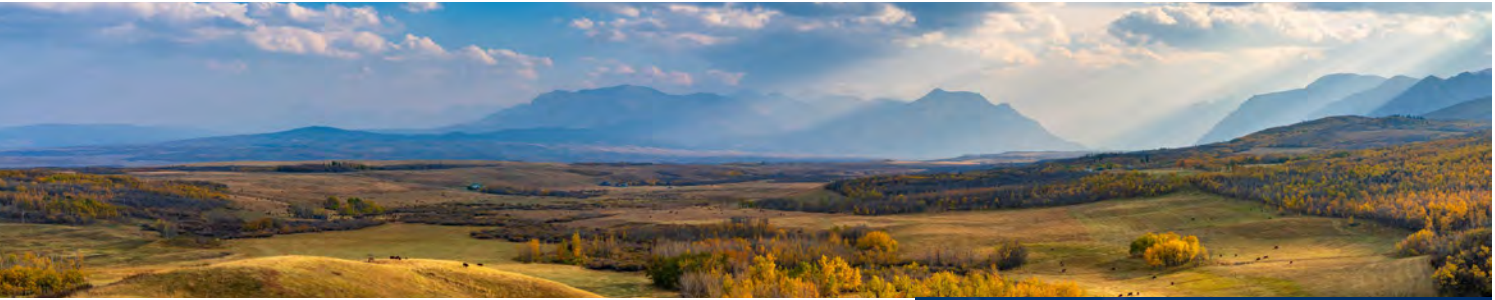

Whether you're into sports, food, culture or outdoor adventures, this city has something for you. On your days off, explore the iconic Rocky Mountains for hiking, skiing or unwinding. Nature lovers can enjoy our many parks & river valley trails. With our low taxes, your hard-earned dollars go further. You'll find plenty of options to settle into a community that suits you — a modern downtown condo or a quiet suburban home.

If you're ready to work with a team that's making history, while enjoying their quality of life, apply today!

There are 5 positions available.
