Clinical Perfusionist (Paediatric)

Salary: HSO Level P1 \$74,703 - \$103,257 p.a.

Location: Nedlands

Work Type: Permanent - Full Time

Position No: 00012478

Closing Date: 2022-08-23 4:00 PM

Sponsored opportunities with a view to permanent residency and or permanent appointment for eligible applicants is currently available to Perth Western Australia.

A Permanent Vacancy is currently available.

This much sought after and highly specialised role is the one you've been waiting for. Working as part of a great surgical and cardiology team in Perth's only dedicated Paediatric Hospital you will be part of something truly special making a difference to the health and wellbeing of children and families in Western Australia. The Perth Children's Hospital (PCH) is a purpose-built new facility and home to leading world class teaching and research activities. PCH has the latest and greatest technology including 12 multiuse operating theatre, two of which are interventional and contain an intraoperative MRI.

The Child and Adolescent Health Service (CAHS) is seeking a trained and experienced Clinical Perfusionist to undertake clinical perfusion during surgery as well as an Extra Corporeal Membrane Oxygenation (ECMO) Service. Working as part of a multidisciplinary team and reporting to the Senior clinical Perfusionist, you will work along side Perth's leading cardiothoracic specialists.

To be successful for this role you will require:

- Master of Science (Cardiovascular Perfusion) or Diploma of Perfusion accredited by Australasian Board of Cardiovascular Perfusion or an equivalent qualification accredited by the UK, US or Canadian Boards of Perfusion and prior to commencing demonstrate evidence of accreditation by Australasian Board or Cardiovascular Perfusion or by the UK, US or Canadian Boards of Perfusion.
