

Horizon Health Network in beautiful New Brunswick is looking for a CLINICAL PERFUSIONIST join our team in Saint John!

This is the life-changing opportunity you've been looking for.

Horizon Health Network (Horizon) is actively recruiting a **Clinical Perfusionist** to join the team at the Saint John Regional Hospital.

The [New Brunswick Heart Centre](#) is seeking a Canadian Certified (or certification eligible) Perfusionist to join our current team of 7 full-time staff including a department manager. Our experienced team performs approximately 850 adult cardiac procedures and 650 cell salvaging procedures annually. We have an active TAVI, ECMO, VAD and minimally invasive valve surgery program in addition to offering IABP support, Medistim graft monitoring and several point of care devices including the ABL90 blood gas monitor as well as Hemochron, Rotem and Plateletworks analyzers.

The Clinical Perfusion Department at the New Brunswick Heart Centre has an extremely good rapport with our surgical and anesthesiology colleagues, and we are looking for the right professional to join our team.

Why you should work here

Working for Horizon gives you flexibility in your career, an east coast lifestyle and the chance to make a big difference in the lives of New Brunswickers. We enjoy a very flexible work and call schedule, a competitive compensation and benefits package and paid educational leave. Combine this with a low cost of living, affordable housing and an outdoor lifestyle that offers endless possibilities and you can understand why we enjoy an enviably low staff turnover rate.

Horizon is an equal opportunity employer that values and recognizes your contributions, is dedicated to patient safety and satisfaction, has competitive pay and benefits, and offers many opportunities for professional growth. The salary for this position is **\$50.91 - \$56.57/hr (currently under negotiation)** with a **\$6.00/hr on call rate**.

Our challenging environment provides a great opportunity to work with complex cases where your unique skills and expertise are valued and your creativity and innovation are encouraged. Participation in research opportunities and CSCP involvement are also supported. Make your move and start your career at Horizon today!

Who you are

You are a graduate of a Canadian accredited cardiovascular perfusion training program with certification with the Canadian Society of Clinical Perfusion (CSCP) or eligible.

You have experience with Sorin S5 Heart Lung Machine, Revolution Centrifugal Pump, Quest MPS Lite cardioplegia pump, Arrow IAB, ACAT2 and Optimus IABP.
