

Thursday, May 25, 2023

14:00-19:00	Registration	
1800-1900	Welcome Reception and Buffet Dinner	
1900-2100	Resident Research Competition	Moderators: Bobby Yanagawa, Subodh Verma
2100-	Event at The Lower Deck	

Friday, May 26, 2023

7:00-17:00	Registration	
0700-0750	Industry Breakfast Presentation - Edwards Lifesciences Aortic & Mitral Valve Surgical Innovations – The Evidence - Sponsored by Edwards LifeSciences	Denis Bouchard and Siamak Mohammadi
0750-0800	Welcome / opening remarks.	Ansar Hassan
0800-0900	Latest in the management of aortic disease	Moderators: Zlatko Pozeg, Christine Herman
0800-0815	2022 ACC/AHA Aortic Guidelines: What Surgeons Should Know	Holly Smith
0815-0830	Why we need TITAN:SVS more than ever?	Munir Boodhwani
0830-0850	Debate: Extended arch vs. hemiarch in acute type A dissection	Marina Ibrahim (extended) / Jennifer Higgins (hemi)
0850-0900	Endovascular stent graft therapy in patients with residual aortic disease following an acute type A aortic dissection	Cristian Rosu
0900-1030	Mitral valve disease	Moderators - Ansar Hassan, Denis Bouchard
0900-0905	Introduction - Dr. Vinay Badhwar	Ansar Hassan
0905-0930	Plenary Presentation I - Databases, patient selection, and surgical outcomes – establishing a mitral center of excellence in today’s world	Vinay Badhwar
0930-1000	Surgery is superior to TEER in the setting of primary mitral regurgitation 9:30 – 9:45 – PRO Surgery 9:45 – 10:00 – CON TEER	Bill Kent Osama El-Khateeb
1000-1015	New technologies in mitral valve intervention - thinking outside the box	Denis Bouchard

1015 - 1030	Panel Discussion	Ansar Hassan, Denis Bouchard, Vinay Badhwar, Bill Kent, Osama El-Khateeb
1030-1100	Coffee and Exhibits	
1100-1200	Atrial fibrillation and stroke prevention	Moderators: Fraser Rubens, Janet Ngu
1100-1115	What is the ideal lesion set and how do I do it?	Arthur Lee
1115-1130	NOAC or VKA for valvular and non-valvular atrial fibrillation	David Latter
1130-1145	LAA occlusion for primary prevention of atrial fibrillation - are we there yet?	Richard Whitlock
1145-1205	Panel Discussion	Fraser Rubens, Janet Ngu, David Latter, Richard Whitlock
1205-1300	Lunch and Exhibits. (Nova Scotia D and Foyer)	Everyone
	Industry Lunch Presentation - Secondary Prevention Guidelines for Cardiac Surgeons (Sponsored by HLS)	Steve Singh, Subodh Verma
1300-1430	Coronary revascularization	Subodh Verma, Bakhtiar Kidwai
1300-1305	Introduction - Dr. Jennifer Lawton	Subodh Verma
1305-1330	Plenary Presentation II - High risk and hybrid coronary revascularization	Jennifer Lawton
1330-1345	FFR, iFR and rFR guided revascularization	Andrea Lavoie
1345-1400	Arterial conduits: why the inertia and how can we overcome it?	Stephen Femes
1400-1415	Shared decision making in the setting of PCI vs CABG	Gregory Hirsch
1415-1430	Panel Discussion	Subodh Verma, Bakhtiar Kidwai, Jennifer Lawton, Andrea Lavoie, Stephen Femes, Gregory Hirsch
1430-1500	Coffee and Exhibits. (Nova Scotia foyer)	Everyone
1500-1630	Simulation and Surgical Training	Moderators: David Horne, Fuad Moussa
1500-1515	Role of simulation in cardiac surgery training	Abigail White
1515-1530	Practice makes perfect - my simulation journey	Mac Quantz
1530-1545	Hands on surgical training (HOST) - the use of three-dimensional print models	Osami Honjo
1545-1615	Real life simulation - a practical demonstration	Victor Neira
1615-1630	Panel Discussion	David Horne, Abigail White, Victor Neira
1700-1800	CSCS Job Fair	Saurabh Gupta, Abigail White
	The Workforce Committee - what have we learned	Saurabh Gupta
	Meeting your future employer / program director	Abigail White
1830-1900	Cocktail Reception	

1900-2100	2nd Annual Women in Cardiac Surgery Dinner	
	Master of Ceremonies	Ansar Hassan
	Introduction Guest Speaker	Maral Ouzounian
	Guest speaker	Jennifer Lawton
Saturday, May 27, 2023		
700-1700	Registration	
0700-0750	Industry Breakfast Presentation - Perceval's Place in Today's AVR Armamentarium - Sponsored by Corcym	Denis Bouchard
0800-0900	Heart Failure Today	Moderators - Chris White, Andrew Moeller
0800-0815	MCS in AMI vs. post cardiectomy cardiogenic shock - the role of SHOCK teams	Pierre Emmanuel Noly
0815-0830	Durable VADs - where we have come from and where are we going to?	Vivek Rao
0830-0845	The future of transplantation in Canada - DCD, xenotransplantation or other?	Dave Nagpal
0845-0900	Panel Discussion	Chris White, Andrew Moeller, Pierre Emanuel Noly, Vivek Rao, Dave Nagpal
0900-1000	ERAS and Critical Care in Cardiac Surgery	Moderators - Richard Cook, Dave Nagpal
0900-0915	Implementing ERAS order sets - where do we stand in Canada?	Rakesh Arora
0915-0930	Towards improving peri-operative pain control in cardiac surgery - shots, blocks and other opioid alternatives	Ahmad Alli
0930-0945	CEPP - Canadian ECLS Protocol Project	Andrew Fagan
0945-1000	Panel Discussion	Gurmeet Singh, Richard Cook, Dave Nagpal, Rakesh Arora, Ahmad Ali, Andrew Fagan
1000-1030	Coffee and Exhibits	
1030-1200	TAVI, SAVR and everything in between. (Nova Scotia BC)	Moderators: Jean-Francois Legare, Tarek Malas
1030-1045	The Ross procedure in older patients - has the paradigm begun to shift?	Mark Peterson
1045-1100	Aortic root enlargement and SAVR - planning for a better future?	Jennifer Chung
1100-1115	How do we train today's TAVI surgeon?	Talal al-Atassi
1115-1130	TAVI vs SAVR in bicuspid aortic valve disease	Jessica Forcillo
1130-1145	What does an ideal heart team look like?	Marc Pelletier
1145-1200	Panel Discussion	Jean-Francois Legare, Tarek Malas, Mark Peterson, Jennifer Chung, Talal al-Atassi, Jessica Forcillo, Marc Pelletier
1200-1205	Closing remarks on behalf of the CSCS	Ansar Hassan

1205-1300	Lunch and Exhibits	
1205-1300	Industry Lunch Presentation - Management of Right and Left Sided Intra Cardiac Mass Lesions Using the AngioVAC System - Sponsored by Angiodynamics	
1300-1430	Mechanical Support: From cannulation to management	Moderator: Andreeanne Thiffault
1300-1330	Dual lumen cannulas: How I do it	Chris White
1330-1400	Case Report: Bivalirudin for cardiopulmonary bypass and implant of Heartmate III; Lessons Learned from Re-Evaluation of Institution Policy	Christopher Lacombe
1400-1430	Physiotherapy considerations for patients on mechanical support	Genevieve Levasseur
1430-1500	Coffee and Exhibits (Nova Scotia foyer)	
1500-1600	ECMO: Ethics and institutional practices	Moderator: Steve Taylor
1500-1530	The Ethics of ECMO: Navigating Clinical Uncertainty and Provider Distress	Amanda Porter, Hillary Ferguson
1530-1600	Cross-sectional Survey on ECMO practices in North America	Hariprasad Kakarla
1800	Harbour Queen Cruise and Dinner - Halifax Harbour	
Sunday May 28, 2023		
0700-0800	Ultrafiltration in Adult Cardiac Surgery; Lessons Learned from Pediatric Perfusion	Joel Bierer and Roger Stanzel
0800-0930	Measuring, Monitoring & Clinical Scenarios	Moderator: Naresh Tinani
0800-0830	The Introduction of Point of Care Hemostasis Monitoring at a Canadian Teaching Hospital	Christopher Harle
0830-0900	Sodium Nitrite Overdose: A Case Study	Jackie Cavanagh
0900-0930	Comparative management of gaseous micro and macro emboli, by different adult oxygenators with integrated arterial line filters. Using an oxygen / helium dilution measurement technique	Neil Casey
0930-1000	Coffee and Exhibits	
1000-1200	Missions, Management and Membership	Moderator: Roger Stanzel
1000-1030	Rwanda open heart project	Lance Mitchell
1030-1100	Department Succession Planning NBHC	Blair Doull
1100-1130	Perfusion College Licensure	Steve Taylor
1130-1200	CSCP Membership Survey Review	Naresh Tinani
1200-1205	Closing remarks on behalf of the CSCP	Steve Taylor/Chris Fowlow
1205	ADJOURN MEETING
